

## **2009 IAEE Nominating Committee Final Report**

I am pleased to report the results of our Nominating Committee deliberations as follows:

- President-elect: Mine Yucel
- Vice President for Conferences: Lars Bergman
- Vice President for Publications: Christian von Hirschhausen

I have contacted each of our nominees, and they have graciously accepted their respective nominations. To view a brief biographical sketch of each nominee please [click here](#).

This concludes the work of our Nominating Committee. I would like to thank our Committee members -- Andrea Bollino, Youngho Chang, Lori Schell and Shonali Pachauri -- for doing a superb job, and for their willingness and flexibility to work across difficult schedules and time zones.

On behalf of our Committee, I also would like to warmly congratulate our nominees, and I look forward to the leadership they will bring to future IAEE Councils.

Respectfully submitted,

Andre Plourde
