

11<sup>th</sup> IAEE European Conference, August 25–28, 2010

*"Energy Economy, Policies and Supply Security;  
after the Price Shock"*

Reval Hotel Lietuva, Vilnius, Lithuania

The 11<sup>th</sup> IAEE European Conference "Energy Economy, Policies and Supply Security: after the Price Shock" will provide excellent opportunity to present and discuss the results of newest studies performed in conditions of dramatic changes in energy, economy and environment. The conference will bring together wide spectrum of scientists, policy makers, professionals from all energy sectors, governmental and public institutions. This conference for the first time will take place in Vilnius – the capital of Lithuania, at the year when Lithuania will celebrate 20<sup>th</sup> anniversary of regained independence.

That opens good opportunity for participants of the conference to learn more about the specifics and problems of energy sector's development in the Baltic States and the wider region around them. The problems of the integration of that region to the future PanEuropean energy market should be one of most important topics of Vilnius conference.

We are looking forward seeing you in Vilnius.

**Prof. Jurgis VILEMAS**  
General Conference Chair  
[vilemas@mail.lei.lt](mailto:vilemas@mail.lei.lt)
