

CALL FOR PAPERS

CONFERENCE OVERVIEW

The 43rd IAAEE International Conference takes place in Paris, France, at the Palais des Congrès 21 – 24 June 2020, with the main theme « **Energy and Climate Change, Working hand in hand** ».

An ideal climate and energy policy regime should simultaneously address possibly conflicting objectives: ensuring energy security, promoting universal access to affordable energy services, and fostering greener and sustainable energy systems.

These policies notoriously have heterogeneous impacts on states, consumers, factor prices, energy technologies and existing assets like fossil reserves and carbon-intensive capital stock. Building credible and effective policies is a difficult task and needs to take into account geopolitical, economic and environmental realities to make them acceptable.

Against this background, the pressing quest for credible and sustainable solutions imposes to rapidly develop deep and broad analyses of policy instruments and institutions. It requires a broad mobilization of the concepts and notions used in economics, natural sciences, humanities or other social sciences to inform the numerous public policy debates affecting international energy trade, environmental regulation, markets vs. government intervention, energy infrastructure and technology choices.

The conference provides a unique platform for academics, policy-makers and business leaders from around the world from all over the world to present and discuss the latest economic research on pressing energy issues in an open and nonpartisan setting. The conference also sends a particular welcome to the many environmental and natural resource economists working on these topics.

Paris has a distinctive identity that makes it an ideal location to foster these discussions. The city has been an academic hot spot for centuries and the 2015 United Nations Climate Change Conference made it an epicenter of climate policy. As a vibrant business capital, Paris is also home to a diverse energy sector and a unique collection of leading international organizations and think tanks.

Palais des congrès Paris

CONFERENCE VENUE

The conference will be held at the Palais des Congrès, the leading venue for international congresses in Paris. On the first conference day, our delegates are welcome to join the welcome reception at the Conference hotel: Le Meridien. The Hotel interior is inspired by mid-century modern design, with clean lines accentuated by sculptural forms and rich fabrics, that are unmistakably reflective of Paris.

Conference's Gala dinner will be hosted by the City of Paris at the Hôtel de Ville. This unique venue will open its doors only for our delegates to guarantee an exclusive experience of the French hospitality and cuisine.

Paris is an international city with many centuries of history, offering an excellent starting point for travelling to France and exploring the beauty of the most fascinating city in Europe.

HOSTED BY:

CALL FOR PAPERS

WHO'S INTERESTED?

The conference is intended for:

- Academics and scholars working in the fields of energy, natural resources or environmental economics,
- Policy makers and officials in governments, international institutions and regulatory agencies,
- Energy analysts working for local authorities, development agencies, consumer bodies, NGOs,
- Business leaders and practitioners.

From a methodological perspective, the conference welcomes contributions based on: analytical models, econometrics, experiments, surveys, rigorous institutional analyses and case studies, simulation models, equilibrium models, optimization models. Interdisciplinary works with all areas of the natural, social or engineering sciences are also welcome.

TOPICS TO BE ADDRESSED

The general topics below are indicative of the subject matters to be considered:

- Blockchain experiments and regulation
- Disruptive business models in energy sector
- Economics oil and gas markets, Developments in LNG markets
- Electricity demand response, Self-consumption, Electricity tariffs and smart meters, Nudges in electricity consumption
- Emissions Trading Schemes, Energy efficiency
- Energy and climate change mitigation and adaptation
- Energy and emission modelling
- Green Innovation, Biofuels and Bioenergy
- Local energy communities, Electric mobility, Big data and energy
- Nuclear energy markets
- Regulation of energy network industries
- Renewable energy sources and industries
- Role of new technologies in Energy Transition
- Smart grid, Microgrids, Energy storage and electrification

CONCURRENT SESSION ABSTRACT FORMAT

We welcome contributions from researchers and industrial sector representatives. Authors wishing to make concurrent session presentations must submit an abstract that briefly describes the research or case study to be presented. We will begin to receive abstracts from September 2019.

PRESENTER ATTENDANCE AT THE CONFERENCE

At least one author of an accepted paper or poster must pay the registration fees and attend the conference to present the paper or poster. Authors will be notified by 6 March 2020 of the status of their presentation or poster. Final date for speaker registration fee, extended abstracts and full paper submission: 17 April 2020.

Abstract submission
deadline:

Friday 24 January 2020

iaee2020paris.oitco.eu

STUDENT EVENTS

Students may, in addition to submitting an abstract, submit a paper for consideration in the IAEE Best Student Paper Award Competition.

We also encourage students to participate in the Student Poster Session and to submit a paper for consideration in The Special PhD Session.

Students may inquire about scholarships covering conference registration fees.
