

WORKING PAPER SERIES

— CALL FOR ENERGY RESEARCH PAPERS —

The USAEE and IAEE have combined efforts to create a working paper series that gives all USAEE/IAEE members a chance to increase the circulation, visibility, and impact of their research. If you have an unpublished research paper that addresses any aspect of energy economics or energy policy, we would like to feature your paper in this new series. There is no cost to you, only benefits:

- Place your work where it can be seen and used on a daily basis.
- Gain timely feedback from other researchers working on related topics.
- Create a permanent and searchable archive of your research output within the largest available Electronic Paper Collection serving the social sciences.
- Provide unlimited, hassle-free, public downloads of your work on demand.
- Raise your research profile, and that of the USAEE/IAEE, by joining with fellow members to establish a new energy research *trademark* that is unparalleled in terms of its breadth and depth of focus.
- Have a chance to win a complimentary registration to attend one of IAEE's conferences in 2023.

The *USAEE/IAEE Working Paper Series* is a component of the Social Science Research Network (SSRN) *Research Paper Series*. SSRN is the leading online source of full-text research papers in the social sciences and is accessible at the following link: <http://www.ssrn.com/>. SSRN is indexed by all major online search

engines, ensuring that anyone who does a keyword search in your area of research will be directed to your paper, receive free downloads, and will be provided with your contact information. SSRN tabulates the number of abstract and full-text downloads of each paper in the series and publishes various “top-ten” lists to indicate which papers are most highly demanded within individual subject areas.

Contributor Guidelines

The *USAEE/IAEE Working Paper Series* includes only papers that present original, scholarly research related to energy economics and policy. Editorials, marketing tracts, and promotional material and papers carrying a high degree of opinion to analysis will not be accepted. Other than this initial screening, the working papers will be unrefereed and authors are solely responsible for their content. Authors will retain all rights to their work, including the right to submit their working papers (or subsequent versions thereof) for publication elsewhere. Neither USAEE/IAEE nor SSRN will assume or usurp any copyright privileges with respect to papers included in the series.

Each working paper included in the *USAEE/IAEE Working Paper Series* must be authored or co-authored by a member in good standing of the USAEE/IAEE, and be submitted by that member. All papers will be assigned a USAEE/IAEE Working Paper number.

To include your research paper (or papers) in the *USAEE/IAEE Working Paper Series*, please email a copy of the work (***in PDF format***), including a brief abstract, to Colin Vance, Manuel Frondel, and Doug Conrad at wps@iaee.org.

Colin Vance

USAEE Working Paper Series Co-Coordinator since June 2018

RWI – Leibniz Institute for Economic Research

Manuel Frondel

USAEE Working Paper Series Co-Coordinator since June 2018

RWI – Leibniz Institute for Economic Research

Doug Conrad

USAEE Executive Director

Annual USAEE/IAEE Best Working Paper Award

Papers submitted from January 1 through December 31, 2022 will be reviewed by the USAEE/IAEE Best Working Paper Award Committee. One paper will be selected by a committee. This Committee will evaluate papers based on their contribution to the literature, scholarship, and originality. Prior to the review, the lead author will be requested to affirm his/her willingness to present the paper at one of USAEE/IAEE's 2023 conferences should the paper receive the Best Paper Award. The lead author of the paper that receives the USAEE/IAEE Best Working Paper Award will receive complimentary registration to attend one of IAEE's conferences in 2023 and will be asked to present the paper in one of the 2023 conference's concurrent sessions.
