## **IAEE Council Approves Membership Dues Increase**

In December 2019 IAEE Council approved an increase of \$20 in member dues. The last increase in dues occurred seven years ago in 2012.

Regular, direct member dues were increased from \$100 to \$120 a year effective immediately. Affiliate member dues will increase from \$90 to \$110 on January 1, 2020. Student dues were increased \$10 to \$60. Institutional Member dues were raised from \$2500 to \$3000 a year.

In commenting on the increase, IAEE Executive Director David Williams noted that it is extremely unusual for an association to be able to go seven years without a raise in dues; eventually operational costs overtake income and a change has to be made.

IAEE President Christophe Bonnery notes that the Council as a whole embraces the concept that the cost of membership is to be kept as low as possible while providing the greatest value to members through the excellent quality of IAEE publications, events and services.
